RESPONSE TO OFFICE ACTION

The Office Action dated October 4, 2005 has been received and its contents carefully noted. Claims 17-23 are pending in this application. Claims 17-23 have been rejected. In response to the above-mentioned Office Action, please consider the following Amendments and Remarks.

Amendments In the Claims:

Please amend the remaining claims as follows:

17. (Presently Amended) A method for allowing a consumer to receive benefits associated with an incentive program created by a business, the method comprising:

accepting via a network a registration of a <u>member</u> consumer entitling the <u>member</u> consumer to benefits of the incentive program, the registration including information indicative of a credit card of the <u>member</u> consumer;

comparing credit card transactional information [gathered] representative of a plurality of transactions [when customers perform transactions at the business] with the information indicative of the credit card of the member consumer to determine if one of the transactions was performed by the member consumer [performed a transaction] at the business; and

rewarding the <u>member</u> consumer in accordance with the benefits of the incentive program if it is determined in the step of comparing that the <u>member</u> consumer did perform a transaction at the business.

18. (Presently Amended) A computer-readable media having instructions for determining if a transaction by a member consumer meets a requirement of a rewards program of a member business, the instructions performing steps comprising:

receiving transaction information including information identifying a <u>plurality of consumers</u> [consumer] where at least one of the consumers is not the member consumer, information identifying a <u>plurality of businesses</u> [business] where at least one of the businesses is not the member business, information pertaining to the purchase of goods [a good] or <u>services</u> [service] by <u>each of the plurality of consumers</u> [consumer] at <u>one of the businesses</u> [business], and information pertaining to the use of a credit card by <u>each of the consumers</u> [consumer] at

<u>each of the businesses</u> [business] comprising an identifier for the <u>respective</u> business and a credit card number [of] <u>for the respective</u> consumer;

determining if <u>one of</u> the <u>consumers</u> [consumer] identified in the transaction information is the member consumer;

determining if <u>one of</u> the <u>businesses</u> [business] identified in the transaction information is the member business; and

if it is determined that the consumer is the member consumer and the business is the member business, rewarding the <u>member</u> consumer in accordance with [determining if the information pertaining to the purchase of a good or service by the consumer at the business meets] the <u>requirements</u>[requirement] of the rewards program of the member business.

- 19. (Previously Amended) The computer-readable media as recited in claim 18, wherein the identifier for the business is compared against a list of identifiers of member businesses to determine if the business is the member business and the credit card number of the customer is compared against a list of credit card numbers of member consumers to determine if the consumer is the member consumer.
- 20. (Original) The computer-readable media as recited in claim 19, wherein the information pertaining to the purchase of a good or service by the consumer at the business comprises a day of sale and a time of sale.
- 21. (Original) The computer-readable media as recited in claim 20, wherein the requirement of the rewards program comprises a specification that a transaction must occur on a predetermined day and the day of sale is compared against the predetermined day to determine if the requirement of the rewards program was met.

- 22. (Original) The computer-readable media as recited in claim 21, wherein the requirement of the rewards program comprises a specification that a transaction must occur during a predetermined time and that the member consumer make a reservation to transact business during the predetermined time, and the time of sale is compared against the predetermined time and the reservation time to determine if the requirements of the rewards program were met.
- 23. (Original) The computer-readable media as recited in claim 22, wherein comparing the time of sale to the reservation time comprises examining the time of sale to determine if it falls within a window of time based upon the reservation time.
